

Agave Nectar (Hilltop Honey)

Pack Size: 6 X 330G

Product Description:

Agave nectar is a naturally occurring sweetener similar in consistency to honey, although slightly thinner. It's easily dissolvable, meaning it's particularly suited to use in cocktails and smoothies, and its liquid form means it's often used in place of honey (by vegans for instance) or golden syrup.

Brand: Hilltop Honey

Ingredient Declaration: Agave Nectar
